

Dear FCC:

I finally have peace and quiet at my home. This Do Not Call List has helped my family life and help reduce the stress in my life. Please leave it alone!

In the past, our evenings would be constantly interrupted by 2 to 3 phone calls from solicitors. I will never ever buy anything over the phone. I hear of to many rip offs. I feel I have the right to be left alone. I have a son with Autism and everynight I help him study. If I got distracted with a phone call he would leave and it would take 5 minutes to get him back and on task. You might say I could take the phone off the hook when we are doing homework, but with elderly parents I have to be on call for emergencies.

Please allow us citizens to have the right to be left alone!!

Thank you.
